ERICK LOJANO

864 Wilcox Ave, Bronx, NY 10465 | P: 9175044663 | erickjlojano@gmail.com | linkedin.com/in/ericklojano

EDUCATION

BROOKLYN COLLEGE *Brooklyn, NY*
Bachelor of Science *Expected May 2022*
Major in Computer Science
Cumulative GPA: 3.4/4.0
Relevant Coursework: Data Structures, Database Systems, Theoretical Computer Science, Computer Architecture

EXPERIENCE

ALL STAR CODE *New York, NY*
Scholar and Student Mentor *Jun 2016 – Aug 2019*
- Attended a summer intensive, where students of different minority groups, learned how to program.
- Built numerous programs to learn the basics of Python, HTML, CSS, and JavaScript
- Mentored current scholars during their summer intensive. Assisted students with any questions relating to programming, or life after the summer intensive

REVATURE WORKSHOP *New York, NY*
Student *February 2018*
- A workshop dedicated to college students who are majoring in computer science.
- Built simple apps to have hands on experience on working with a team

ACTIVITIES

MISSION TO THE DOMINICAN REPUBLIC *Dominican Republic*
Volunteer Missionary *Jun – Jul 2019*
- Helped people in impoverished neighborhoods in Guaymate by providing them with toothpaste, soap bars, and other essentials
- Conducted a two-day clinic to provide dental, and physical checkups for men and women of all ages

PROJECTS

CONNECT FOUR *Dec 2019*
- Designed and programmed a connect four game in Java by using JFrame
- Practiced object-oriented programming by implementing what we learned in class about inheritance

MONSTER GAME *May 2019*
- Created a text-based role-playing game in Java that allows players to insert a file with their player stats by using buffered reader
- Used inheritance to create enemies in order for players to go through multiple levels

ADDITIONAL

Technical Skills: Advanced in Java, HTML, CSS, JavaScript; Proficient in Python, SQL
Languages: Fluent in Spanish and English;
Awards: Deans List in Fall 2017 and Spring 2020
